

A very warm welcome in our Restaurant

Seasonal and regional products form the basis of our kitchen and can be found in our dishes. Our love of products can be recognized from the constant “hunt” for high-quality seasonal ingredients from “close proximity”. For us, new German cuisine means combining local products with international products and dishes. Depending on the season and offer, we put together our menu. We source our food from the following regional partners, among others:

Game meat – hunting cooperative, Schönau am Königssee
Fish - Bayerhammer fish farm, Oberalm
Dairy products - Berchtesgadener Land dairy, Bischofswiesen
Cheese - Bergader private cheese dairy, Waging am See
Eggs - Andreas Mitterer, Traunreut
